About MEAAA Meals on Wheels

Thanks for helping us provide Meals on Wheels to seniors. Our funding has been cut by more than \$310,000 this year. But older adults who are recuperating from illness or surgery still need hot, nutritious meals so they can keep living at home. It makes more sense to provide services such as Meals on Wheels to seniors in their homes — where they'd rather be — than to make nursing home care their only option. On their behalf, thank you for caring!
